Administration

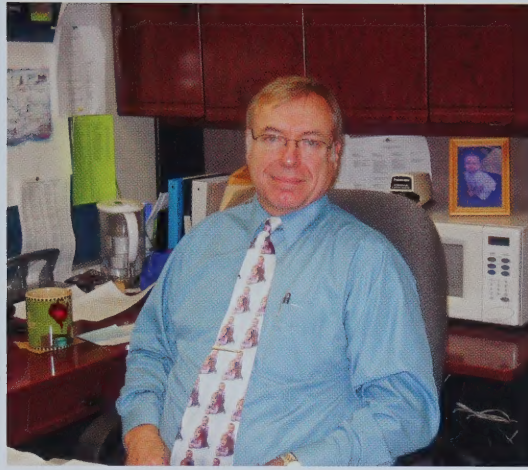

To the Class of 2010,

If you were able to rewind your memory back to late August of 2006, can you picture yourself? Think about it for a moment. Ask yourself, "How have I changed?" Is how you are today how you would have predicted you would be as a senior? More importantly, are you more ready today than you were way back then to take on all of the challenges that the world has to offer? I would like to think that you are. You might wear different styles of clothing. You might listen to different music. You might have a different group of friends. But the one thing that I am pretty sure about is that you are leaving Fermi High School as mature, confident adults ready to take on the world and succeed. Four years ago, I'm quite sure that graduation seemed an eternity away (remember I told you it would be 1,386 days from the night of Freshman Orientation). You probably weren't sure how the next four years of your life would unfold. Yet here you are today, standing at the threshold of completing your education at Enrico Fermi High School.

I sincerely hope that the past four years were full of wonderful memories, happy memories, and that you made the most of your education while you were with us. As you prepare to graduate and proceed the next chapter of your life, I am sure that you are much better prepared to face the challenges ahead. Being prepared to move forward does not mean you will have all the answers, nor should you. I say this because there are many chapters of your life that you have left to write. Whether you go on to further your education or choose to begin a career, I am sure that you have the skills needed to be successful. When you begin to write your new life chapters, if you experience the same fears and trepidations that you felt as a ninth grader, I am confident that you will not only cope with these fears but also overcome them and reach your fullest potentials.

It is my sincere wish that you will remain a part of the "Fermi Family". You will hold a special place in my heart. I know that my life has been touched in a very special way by so many of you. I wish each and every one of you the very best in years to come.

Sincerely, Paul K. Newton

To the Class of 2010,

It has been my pleasure to get to know you and to work with you over these last four years. I have seen you grow from wide-eyed freshman into confident young men and women. I know you will make me proud.

There is an expectation that I will share some wisdom with you here. Unfortunately, it is not always very clear to me that I have any particular wisdom to share, but, one of my favorite quotes comes from Mark Twain, "Always do right. This will gratify some people, and astonish the rest." This is the best advice I can give you, as you leave Enrico Fermi High School. In life, you will frequently have to make decisions, some easy, some not. Especially when making difficult decisions, if you live your life trying to decide what others want you to do, you will quickly discover that you can seldom please everyone. In pleasing one person, you will almost always make another person unhappy. You will also discover that each time you do something that you believe to be wrong because you were trying to please someone else you will become less comfortable with yourself. The more difficult the situation was, the less comfortable you will be with yourself. And, yours is the face you will be looking at in the mirror, in the morning.

One last thing, if by chance, years from now, you read this, do something today to make a child smile.

God Bless You.

Dear Class of 2010,

If there is one piece of advice I can give all of you, it's this: never falter in the face of failure. We are getting to the point in our lives where we will be making decisions. This new independency will be very awkward to us, but all the failures, and from that learning, we grow into people we will be for the rest of our lives. Successes teach us what we're doing right, and failures teach us what to never do again. The discouragement should only be momentary, for when you look at everything you've done, you have the ability to sit back and make a sigh of relief because you got through it all in one piece. A wise man once said, "The struggle itself towards the heights is enough to fill one's heart." I want you all to take that to heart and to remember that failing isn't a bad thing. Failing is learning, and learning is what makes our lives ours.

Sincerely yours,
Mike Spano

Fall Sports

This year the fall sports consisted of boys soccer, girls volleyball, girls soccer, field hockey, girls swimming, football, cross country, and cheerleading. Each team, whether they had a good season or a bad season, did their best and made the most of it.

Dear Team,

It was a pleasure to be a part of the Fermi Boy's Soccer Team this year. We have not only grown as a team, but as friends. We saw our team develop bonds with one another causing us to be great friends on and off the soccer field. Our manager Zeb was a great asset to our team by not only managing, but being a positive supporter on the sidelines. When times got tough we could always hear Zeb on the sidelines yelling "Let's go Fermi, keep it up!" This meant a lot to our team. Our state tournament run was great, and know that our team had the mind set to win it all. It was unlucky, but we ended the season as one. Keep up the great work and play always as a team.

Good luck next year.

This season was full of memories on and off the field. We were a very close team this year and made it drama free. The biggest success of the season was beating EO Smith not once but twice, which we haven't been able to do in years. Although we didn't make it far in states, we still had a rewarding season. We acted like a team which helped us to be successful. We wish the best for the seasons to come and we would like to thank our team for making our last year the most memorable.

Leadership SPOTLIGHT

Hey Girls!

The successes that we made together throughout this season were truly memorable. From the start of our field hockey careers, we never would have guessed that a season starting 1-4 would end with the first trip to states in 6 years. Besides all of our hard-fought wins, we truly became a team as well as lifelong friends. We have never laughed so hard or played that well and that accomplishment is the result of your hard work and dedication. We, as captains, feel truly privileged to be the leaders of such an outstanding group of individuals. We can only hope that your integrity and success will be continued in future seasons. So, to all our goal-scorin', super fly soul sistas, we will miss you next year and good luck! We know you won't let us down.

Most people run a race to see who is fastest. We run a race to see who has the most guts.

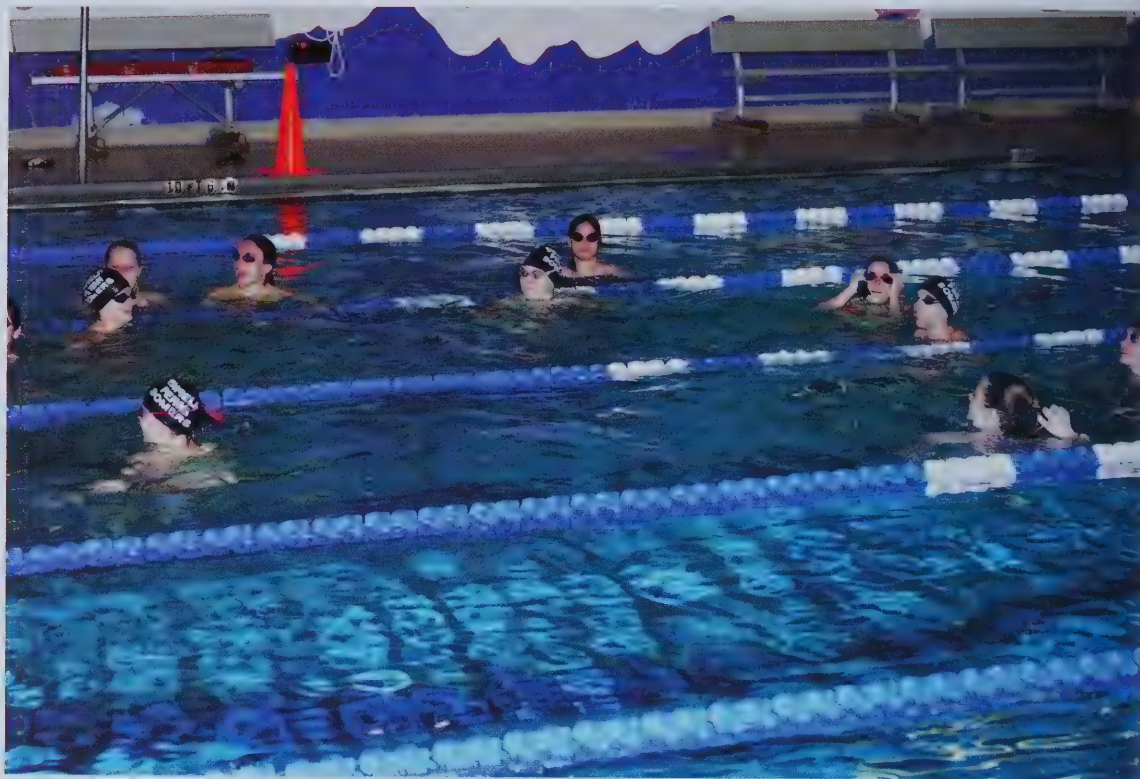

Running is the greatest metaphor for life, because you get out of it what you put into it.

Oprah Winfrey

We run, not because we think it is doing us good, but because we enjoy it and cannot help ourselves...The more restricted our society and work become, the more necessary it will be to find some outlet for this craving for freedom. No one can say, 'You must not run faster than this, or jump higher than that.' The human spirit is indomitable

Talent Show

(February 5, 2010)

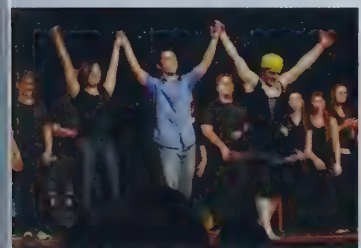

On February 5th and 6th, Fermi High held the annual talent show. There were over 15 acts and it raised over \$4,000 for the Relay for Life Team and the Fermi Band. The hosts for the night were Jack Zachary, Rachael Barillari, and Patrick Cotnoir. Some favorite performances from the night include Stroin-zilla and the Tokyo Destroyers performing "Jump, Jive and Wail," "Beetz Me" playing "Ants Marching," Megan Stearns dancing to "Billie Jean,"

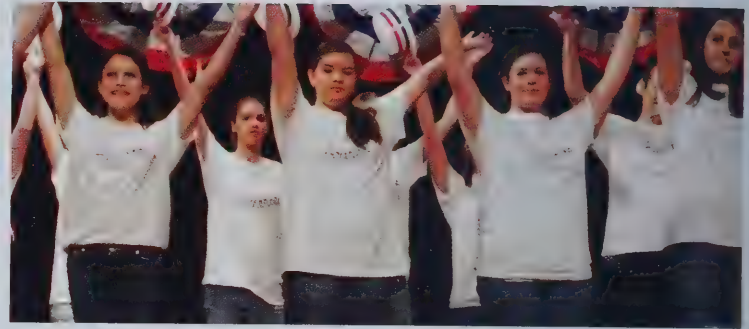

Kat Kennedy singing Patsy Cline and Dan Army speed-painting the Statue of Liberty to Jay-Z and Rihanna. The talent show wouldn't have been as great without the help of our faculty advisors Mr. Reppucci, Mr. Kelleher, and Mr. Dube. Thanks to everyone involved for helping to make the talent show one of the most successful ones ever!

Lamplighters

(December 11 and 12 2009)

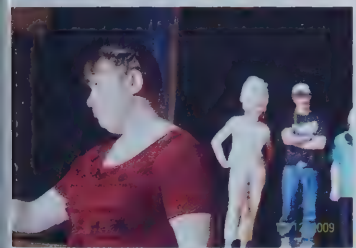

"Ax of Murder," the fall production of the Fermi Lamplighters, showed us just what a 'haunted script' can do to a theater company. Jeffrey Thatcher's murder had confused his fellow performers for years. Now, thanks to the script that "kills people" and the involvement of Jeffrey's brother, Officer Mike Ax and the police think they can finally crack the case!

This season has been one of the most challenging seasons as a team. We had to learn how to work and play as a team. Although there were some rough patches, we learned how to work together and keep our composure when we needed it the most. We didn't come out with as many wins as we hoped for, but we put forth a great deal of effort and challenged ourselves for our upcoming games. I would like to thank everyone for all of their hard work and dedication during this 2009-2010 season. Great season girls!

Leadership SPOTLIGHT

The season was fun, we had our moments and struggles. We overcame them and pushed through them and bonded as a team. The six seniors would like to wish the team good luck through the rest of the years, and keep working hard.

Your Captains, Mike Cherpak, Kyle Dyer, and Ethan Cournoyer

Lamplighters

"Taming the Wild, Wild West In A Dress...or How to Give the Villain the Slip," the spring production of the Fermi Lamplighters took place on March 19 and 20, 2010.

Clarence Rawlins, an actor from out east inherits a saloon in the old west from his dead aunt. He arrives in the town and realizes, because of his aunt's bad handwriting that he, in fact, now owns a saloon. He and his friend and fellow actor, Roger Gaines must now dress as females in order to work in the saloon.

Hilarity ensues.

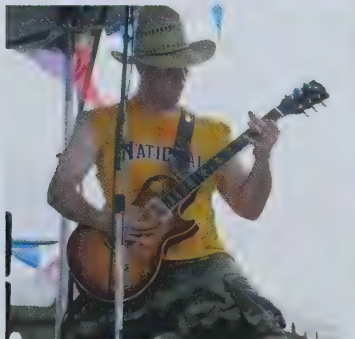

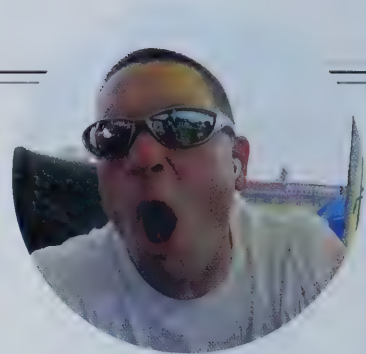

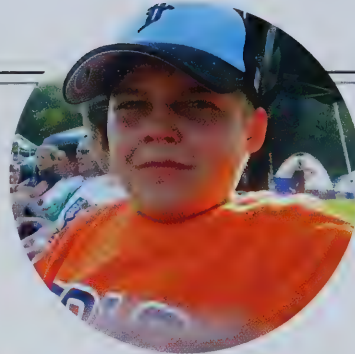

Family Science Night

Each year Fermi High School hosts a Family Science Night Event to the community of Enfield to promote science activities. On April 15th the community came to witness the exciting demonstrations being put on by the students here at Fermi.

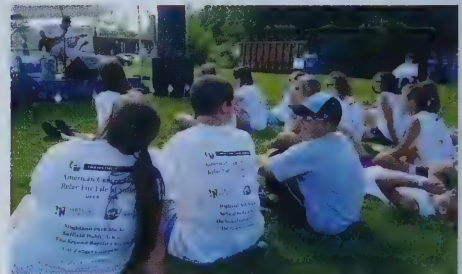

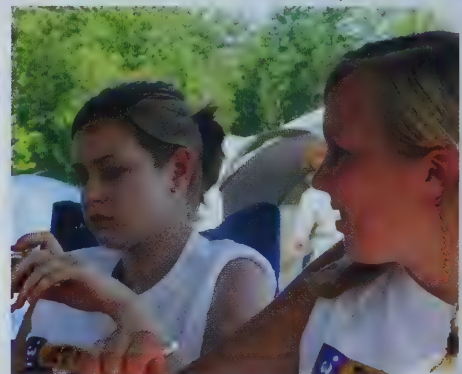

Relay for Life

The Relay For Life team, "A Walk to Remember" has raised over \$30,000 to date. The team is run by Mr. Todd Zenczak, Mr. Mark Dube, Zakary Hughes, and Patrick Cotnoir. They placed second at the 2009 Relay event in Suffield, CT and hope to finally beat JFK's "Jane's Team" in 2010!

Good Luck Team!

Winning isn't
everything.
Playing hard is
everything.

Make the play first, then decide if it was impossible

You can only become a winner if you are willing to play.

If you think you can win, you can win. Faith is necessary to victory.

Future Plans of 2010!

Letter from the Editors

To Our Fellow Classmates,

Making this yearbook has been overwhelming, hectic, and what we thought to be an impossible task. However, as time went by, the hard work put in by everyone has resulted in a successful yearbook. We would just want to give this time to thank everyone who has helped out to make this yearbook.

Christine Barbara & Vicky Klesseck

“Working together, **ordinary people** can perform extraordinary feats. They can push things that come into their hands a little higher up, a little further on **towards the heights of excellence.**”

Big Thank You to:
